

PART NO. 10 — BOM & DRAWING INFORMATION

Source: ES00225-7544040601-FAB-0048-7 | Focused data sheet for the BOM → 2D drawing prototype.

1. Component Identification

Field	Value
Part No.	10
Component Type	PLATE
Material / Specification	IS:2062
Size	1185 × 3060 × 3 THK
Quantity in BOM	2
Purchase Item Code	IPPR01000300000
Part Weight	170.79 kg
Drawing quantity note	1 No. as shown + 1 No. as opposite hand
Hole specification	Ø14 HOLE, 46 NOS. M12, F1
Drawing scale for Part 10	1:2

2. Geometry / Drawing Information

Parameter	Value / Observation
Overall length	3060 mm
Overall width / height shown	1185 mm
Plate thickness	3 mm
Holes	46 holes, Ø14 mm, specified for M12, F1
Quantity	1 shown + 1 opposite hand
Drawing representation	Part 10 detail and elevation are shown on the engineering sheet

Part No. 10 — 3D Schematic (Not to Scale)

3D note: Schematic visualization for understanding only; not an exact CAD model. Exact hole coordinates must come from the engineering drawing/rules.

3. Relevant Drawing Rules / Notes

Rule / Note	Information
Units	All dimensions are in mm.
Hole default	All holes are Ø14 mm unless otherwise specified.
Welding	All welds are 6 mm fillets unless otherwise specified.
Identification	Erection mark shall be painted/stamped on each part for identification at site.
Other	Remove all sharp corners.

4. Automation-Relevant Information

The BOM provides the component type, material, size, quantity, purchase item code and weight. The drawing additionally provides geometric information such as the 46-hole pattern, hole specification, dimensions/positions, quantity convention and annotations. Therefore, reproducing the final drawing requires more than the basic BOM row; additional design rules/templates/parameters are needed.

5. Prototype Input Record

Input	Part 10
Component	Plate
Dimensions	1185 × 3060 × 3 mm
Material	IS:2062
Quantity	2 in BOM; drawing shows 1 as shown + 1 opposite hand
Hole data	46 × Ø14 holes, M12, F1
Prototype target	Generate a 2D engineering-style drawing from structured Part 10 data

This is an analysis/prototype document, not an engineering release drawing.
